About Us:
Vanamatic Company is a global supplier of precision machined components to the aerospace, automotive, fluid power, and general fittings industry and has been family owned and operated since 1954.

- Self Directed Work Cells/Flexible Operations
- CNC & Multi-Spindle Screw Machines
- Long Customer Relationships
- Low & High Volume Markets
- Price Stability

Our Facility:
80,000 square ft. state-of-the-art manufacturing facility.

- In-Ground Automated Chip Processing
- Clean & Safe Work Environment
- Site ready for Future Expansion
- Cellular Operations
- Climate Controlled
- Located Right off US 30

"THE RIGHT PEOPLE, MAKING THE RIGHT DECISION, AT THE RIGHT TIME"
Delivery Systems:
Vanamatic’s Business Manager is an electronic inventory control system viewed right at the production floor level. This delivers the quickest response time to our customer’s changing needs and ours. It helps both of us keep costs down and ensures on-time delivery.

- EDI Capabilities
- Self Managed Customer Releases
- Electronic Kanban & JIT Programs
- Minimum Safety Stock Warehousing
- Expedited Lead Times with Quick Set-Ups

Quality Systems:
We ensure quality validations are completed and recorded showing process capability meeting customer needs.

- Vision Equipment
- Poke-Yoke Ideology
- Statistical Process Control
- Advanced Quality Planning
- Extensive Variable and Attribute Gaging

Engineering Innovation:
Our engineering team provides complete design of production machines and integrated automation solutions, aiding in manufacturing optimization.

- Robotic Assembly with Quality Integration
- Fast & Flexible Tooling Design to Production
- Aggressive Continual Improvement
- Cutting Edge Tooling & Coatings
- Advanced 3D Tool Design
- In-House Tool Room
Industries Served:
Vanamatic specializes in fluid power assemblies and components made from free machining steel and stainless steel. The components and assemblies built by Vanamatic Company can be found in many industries including:

- Aerospace / Defense
- Automotive – Tier II
- Fluid Power
- Agriculture
- Construction
- Refrigeration
- Energy Conveyance

Capabilities:

- CNC capacity up to 2 5/8” diameter
- Multi-Spindle capacity up to 3 1/4” diameter
- 300 grade stainless steel
- 1100 & 1200 grade carbon steel
- 2-6 week lead time available
- Supplier managed release systems
- Same day lead time for contract orders
- Safety stock programs
- EDI/ASN services
