 - ii. Acceptance of Supplier Quality Manual and PO terms is deemed when seller issues acknowledgement, begins work on the goods or deliveries of the goods. Vanamatic Supplier Quality manual and PO terms are located on our website: www.vanamatic.com. Please Review twice per year for changes.
3. Supplier Responsibility
 - a. It is the responsibility of all suppliers to review, understand and ensure compliance with this manual as part of doing business with Vanamatic.
 - b. PPAP process, when required by as a requirement of the PO.
 - c. Notify Vanamatic of non-conforming product as soon as reasonably possible.
 - d. Suppliers are required to comply with all Local, State and Federal regulations.
 - e. Implement Quality Management System as required
 - f. Use Vanamatic approved suppliers as required
 - g. Ensure persons are aware of their contribution of product or service conformity and safety.
4. Ethics
 - a. Vanamatic values our vendors and suppliers and assumes that vendors, in turn, value Vanamatic's business. No token or display of appreciation is necessary or encouraged. All vendors are asked to comply with Company standards by not offering incentives, gifts, or services to individual personnel. Ethical business standards shall govern all procurement transactions and is covered under Vanamatic's procurement policy.
5. Confidentiality
 - a. Documents submitted by Vanamatic to the Supplier for the purpose of quoting or production, shall be controlled by the Supplier. These documents shall not be transmitted to others without the consent and approval of Vanamatic Company.
6. Conditions affecting viability of supplier operations.
 - a. Significant changes in business conditions such as loss of Third Party Certification, Loss of Key Personnel, Significant changes in Operations and Significant events that affect the viability of the operations must be communicated to Vanamatic.
7. Vanamatic Customer requirements

Supplier Quality Manual

- a. Vanamatic customer requirements are reviewed during the Vanamatic Internal Planning process (APQP). Customer requirements are flowed down to the sub tier supplier via purchase order or electronic communication.
-
8. Counterfeit Parts Prevention
 - a. Suppliers shall implement processes appropriate for their organization for the prevention of counterfeit part use. Ref. SAE AS6174.
 - b. Suppliers contracting with Vanamatic for recycling services of all product dispositioned for scrap shall be positively controlled until physically rendered unusable and sent for remelting.
 - c. Product dispositioned for scrap shall be controlled to prevent reentry into the supply chain.
-
9. Supplier Performance Review
 - a. Supplier Performance Reviews are performed during the selection, re-evaluation and through periodic submissions to suppliers of Key Performance Measures.
-
10. Supplier Selection Process – Guidelines for Supplier Selection and Re-evaluation are detailed in the Purchasing – Control of Suppliers work instruction.
-
11. Record Retention
 - a. Vanamatic will retain the necessary Quality records for the length of time required by our customers.
-
12. Change Management
 - a. Customer print revisions are submitted to purchasing by Engineering. Purchasing communicates customer revisions via E-mail and / or on Purchase order.
-
13. Quality, Safety, & Delivery Management
 - a. The supplier may be issued a Corrective Action or Action Report for non-conformance. Non-conformance are classified as Rejections, Warnings, Concerns, Late Delivery and Premium Freight.
 - b. PPAP Submission: Requirements for PPAP submission will be communicated to the supplier as required. Changes to the manufacturing process or changes to a different manufacturing facility require notification to Vanamatic Company. Vanamatic Company will then determine if a PPAP submission is required.
 - c. Materials purchased must be manufactured and shipped in a manner that shall satisfy current governmental and safety constraints on restricted, toxic and hazardous materials; as well as environmental, electrical and electromagnetic considerations applicable to the country of manufacture and sale.
 - d. When applicable, the supplier shall meet requirements for test specimens, (e.g., production method, number, storage conditions), for design approval, inspection, investigating, or audit.

Supplier Quality Manual

- e. Supplier shall notify Vanamatic of non-conforming product and make arrangements for the disposition of non-conforming product by Vanamatic prior to shipping.

14. Right of Entry

- a. Supplier shall provide provisions for Vanamatic, Vanamatic customers, and regulatory agencies the right of entry to any place necessary to determine and verify the quality of contracted work, records and material. This requirement must be flowed-down for any subcontracted processes.
